

Ginny Dent Brant

ENCOURAGING
FAMILY, FAITH, FREEDOM
AND THE THINGS THAT MATTER
FOREVER

Ginny brings a unique perspective as someone who grew up in the halls of power in Washington, DC (where her father served a senator and three presidents) to someone who has walked and ministered in the most impoverished streets of our world. Her career started early in life as a model, but quickly changed to serving on the front lines of our culture in elementary education as a counselor, teacher, and adjunct professor for 30 years.

The wisdom Ginny has gained from these many perspectives including her role as wife and mom will inform and challenge any audience. Ginny compliments her speaking with song and sign language. She is the author of *Finding True Freedom: From the White House to the World*, and was a contributing author to *The Chosen Path*, *Chicken Soup for the Soul*, and *Love is A Flame*. She is a graduate of Class Services and Christian Communicators. Her platform of faith, family and freedom communicates relevant truths which enable teenagers and women to prioritize their lives and use their freedoms to glorify Christ with an eternal perspective.
